5th Annual TMII Symposium
July 24, 2015

Registration now open
For details: https://tmii.mssm.edu/symposium/2015/
Abstract deadline: June 26, 2015

Featured Speaker:
Chrit Moonen, PhD:
Professor, University Medical Center Utrecht
Title: Ultrasound Triggered, Image Guided Drug Delivery

Chrit Moonen did his Masters in Molecular Sciences and his Ph.D. in biophysics (Wageningen University). He did part of his studies with Nobel Laureate Wüthrich in Zürich, Switzerland. He went for a postdoctoral period to the University of Oxford (Sir Georg Radda). He then worked at the University of California at Davis as a Visiting Research Scientist before becoming head of the NIH In Vivo NMR Research Center from 1987-1996. He moved back to Europe (Bordeaux, France) in 1996 where he has been director of the laboratory “Molecular and Functional Imaging: from Physiology to Therapy” until 2011. He is currently professor at the Division of Imaging at the University Medical Center in Utrecht, the Netherlands. He coauthored over 200 scientific papers. H-index is 64 (Google Scholar). He was President of the “International Society of Magnetic Resonance in Medicine” (2006), and of the “Society for Molecular Imaging” (2009). He is chairman of the 2015 meeting of the International Society for Therapeutic Ultrasound, and president of the European Society for Molecular Imaging. He received the European Magnetic Resonance Award 2000, is a Fellow of the International Society of Magnetic Resonance in Medicine, of the European Society of Magnetic Resonance in Medicine and Biology, and of the World Molecular Imaging Society. His recent work is mainly in MRI guided Focused Ultrasound, image guided drug delivery, and molecular and cellular imaging.
